

Title: Another Trip to Uganda!

April 16, 2014

Greetings all,

Just a quick note to ask for prayer for another trip to Uganda (but this is a completely different team going to a completely different place in Uganda). Two women from our training groups, Kati Ray and Mary Beth Bussert, are going to Uganda in two weeks, and they will be doing Immanuel approach training in two different settings:

1) A gathering of Ugandan women: Kati did training with these women in 2012, meeting with them in their community. The challenge was their availability and the demands on their lives due to poverty and lack of resources. It was an amazing time together, and Jesus did lots of cool, beautiful, powerful healing work, but Kati was not able to complete Immanuel approach training to the point that the women could continue it with each other and bring it more fully to their community after Kati had left. This time, the women will be transported to a home where Kati and Mary Beth will have undivided training time for 3 days. This is incredible. Please pray that at least 8–10 women would be able to take this much time away from their other responsibilities so that they can fully take advantage of this opportunity for focused healing and training.

2) Kampala International Church: Kati has provided counseling, ministry, and training to this church community on three trips since 2009. This time she and Mary Beth will be doing a 1 1/2 day training for their expatriates and locals. This is an exciting opportunity to help them use the Immanuel approach to go deeper with Jesus. Kati and Mary Beth may also be able to do some individual and marital counseling in between the training sessions (depending on energy levels!)

Please pray as you feel lead.

Thanks and blessings,

Dr. Lehman/Karl
