

Title: "In the darkest place I have ever been, I found Jesus. He was with me."

January 20, 2025

Greetings all,

Just a quick note to share a beautiful testimony that I just found buried in old emails. This story is from a pastor in England who has taught the kids in his church how to do the Immanuel Approach. Thought it might be encouraging:

"Here is my son's testimony about finding Jesus:

'I dislocated my shoulder in a rugby match and had to go to hospital to have it put back into place. It was so painful! The doctors gave me morphine as well as gas and air to help me cope with the pain while they put my shoulder back. I remember being given the mouthpiece for the gas and air and then I felt as if I was sliding into darkness. All I felt was darkness. I could hear voices but had no idea if they were real. I felt afraid and confused. I can't really describe it. In this place of darkness and fear I realised what I needed to do. I asked Jesus where He was in the darkness...and instantly, I saw him smiling at me. Shortly after, the noises turned into voices, and I recognised my mum talking to me. I then began to feel the nurse pulling on my arm as he finished relocating it. I opened my eyes, exhausted, seeing the blurred faces of those around me. When I now think of that moment, I can remember that in the darkest place I have ever been, I found Jesus. He was with me.'

Theo – age 15...he knew what to do because he has done Immanuel Basic Training for kids. He is happy for it to be shared."

Blessings,

Dr. Lehman/Karl
