

Title: "Digital Big Lion Book?"

January 27, 2025

Greetings all,

Just a quick note to share some good news and ask for prayer. The guy who helped me with the digital versions for *Outsmarting Yourself, Mind and Brain*, and the two intro books is now working on the big lion book. For a variety of reasons (in addition to just the size), this is going to be a huge and complicated project. We would greatly appreciate your prayers.

Blessings,

Dr. Lehman/Karl
