

Title: Encouraging Note from Germany

April 14, 2025

Greetings all,

Just wanted to share an excerpt from a note I received several weeks ago from a couple in Germany. Thought it would be encouraging.

“We are amazed how Jesus is drawing people. It obviously is the right time. The first two seminars this year had an attendance of 80 persons, with more on the waiting list. The next seminar in May is already booked by 50 people and more are expected....

Again and again people who believe Jesus and love him, but never or very seldom had an actual encounter with him, experience just that. And they start passing that on to their friends. We just love it!”

Blessings,

Dr. Lehman/Karl
