

Title: "Now...I love to talk about Him with others."

December 22, 2025

Greetings all,

A person from the global IA community shared the following fun, encouraging thought pertaining to his experience with the Immanuel Approach. Thought it would bless the rest of you. (Shared with permission.)

"My question, as a young person, was whether Jesus was real or not. Now that I can have conversations with him and listen to him and hear him respond to me, I love to talk about Him with others."

Blessings,

Dr. Lehman/Karl
