Title: Post a Network Directory Profile to Find Peers/Colleagues

October 26, 2026

I often get requests from people in the Immanuel Approach community asking me to help them connect with peers/colleagues. The bad news is that I am utterly unable to keep track of the many thousands of people who are applying the Immanuel Approach in many different ways around the world. The good news is that you can post a profile on the Network Directory (see link below), and include in your profile that you are the director of a substance abuse program, that you are experimenting with different ways in which to integrate the Immanuel Approach into what you do, and that you are wanting to connect with peers/colleagues who are asking similar questions, encountering similar problems, and wrestling with similar challenges. Or include in your profile that you are a spiritual director, that you are experimenting with different ways to integrate the Immanuel Approach into what you do, and that you are wanting to connect with peers/colleagues....Or include in your profile that you are a life coach, that you are experimenting with different ways to integrate the Immanuel Approach into what you do….Or include in your profile that you are a hospice worker, that you are experimenting with different ways….etc.

The Network Directory has a search function, and if more of those in the global Immanuel Approach community post profiles it will become a tremendously valuable resource for finding and connecting with peers/colleagues. Network Directory: https://www.immanuelapproach.com/immanuel-network-directory/

Blessings,

Dr. Lehman/Karl
