Title: Immanuel Approach at New Age Gatherings

November 2, 2026

Greetings all,

Just got an email from someone who goes to New Age events and offers the Immanuel Approach. Thought an excerpt would bless the rest of you. (Shared with permission.)

> “One place I take teams is to BMSE - Body Mind Spirit Expo. There are around 150 vendors and we are the only Christian booth….I use the name "Milele Spirit" -- people say it sounds pretty. Milele actually means Eternal in Swahili, so people are coming to the Eternal Spirit booth without knowing it. We offer "Positive Interactive Healing Meditation" (in other words, Immanuel Approach interactive connection), and I give them the option to speak to/invite either Jesus, Spirit of Love, or Creator (all names of Jesus).
>
> One German lady emphatically said, "I will invite the Creator." In her positive memory the Creator showed up and "he was a man," which surprised her. In her positive-memory imagery/vision (interactive connection), the Creator helped her with her new dog. In her negative memory, the Creator showed up again when invited and "it was the same man!" Creator brought healing from a bad relationship and offered her continued friendship. She did not give her life to Jesus that day, but she encountered him and afterwards heard the basic gospel presentation.
>
> Hours later she saw me as she was leaving the event, and came over and said, "I will never forget you the rest of my life" and walked away, only to return and say, "no really, I will never forget you the rest of my life, thank you so much!"

Blessings,

Dr. Lehman/Karl
